Beautiful boy, Gus, had him from he left his stunning parents. Seal point, with some pale spots. Not neutered.

Very affectionate. Sad sale, but due to a sudden change in living circumstances this week we have to Regime. Would prefer to go to a house with other animals as in his old house he had the company of a Patterdale terrier and a ginger Tom!

Asking for £400 or nearest offer, some experience of the breed would be amazing!
