

Pent roof Shed - strongly made tongue and groove wood

Location **London, London**
<https://www.freeadsz.co.uk/x-557951-z>

Shed has been fully dismantled and cleaned up. There is no roof board as it was made of cement so was disposed of. All other parts are there and usable. The construction is of strong interlocking boards (proper old style quality shed). Size is approx. 7.5ft x 5ft. With a few joinery skills can make up into a good strong.
