

Silica Sand for Menage (580 GBP)

Location **North, South Wirral**
<https://www.freeadsz.co.uk/x-558597-z>

20 tonnes of silica menage sand delivered free including vat within our 50 miles delivery zone, if your postcode is outside the delivery area email us for the appropriate delivery charge.

Free draining equine surface silica sand locally sourced for quality. The sand supplied is a moist sand that doesn't dry out so much in sunny weather but compacts down so that the horse is riding on top and not in the sand.

40m x 20m menage will require 140 tonnes of silica sand to give the recommended depth of between 100 and 150mm (4 to 6 inches depth) click to contact www.littlerbulkhaulage.co.uk
