Go ahead and take the LiveBox challenge. search everywhere and compare us with Service Providers, Consultants, or anywhere else. There's no better functional and value for money solution than LiveBox for what you can get inside one single Box.

Why is the same solution more expensive with alternative options?

Other solutions are expensive because their sales pipeline has a lot of commission makers. We are product specialists and we choose to use a different path to communicate to our customers and sell directly to our customers.

What are the limits?

There are no limits on the usage on the basic solution. We keep every transaction as you so you can scale up with CPU power and Bandwidth as well so that you can upgrade to 100% bandwidth. Our multi-core processors depend on your usage.

What else can you buy?

Location based connected CDNs are also available to provide you with the lowest latency. Unlimited 24/7/365 transcoding
