Welsh poppy is Papaver Cambricum and is a tap-rooted perennial plant. It has light green leaves and bowl-shaped lemon-yellow or orange flowers 5 cm across produced from late spring to early autumn

I have a number of these plants that I have grown on that are surplus to my requirements. They grow up to 50 cms tall.

I can send out 3 of these plants by first class post with the plants trimmed back and bare rooted for £7.00 inclusive of postage and packing.

This delivery method will require the plants to be unpacked and planted up in pots or in the garden and watered in immediately on receipt.

I can accept payment by PayPal or by Faster Payment bank transfer.

At present I also have seasoned hardwood wood logs for sale at £45.00 or £55.00 for a jumbo bag (approximately one cubic metre), collection only, please contact me for more information or see my other adverts on this.
