Very friendly and beautiful, he likes to talk/sing during the day (please consider that parrots are not the quiet type of pets). He likes human company and likes he's head scratched (see photo).

He is a very healthy boy. He is 1yr and 6month old.

He comes with his own cage and all his favourite toys and food.

We are based next to Battersea Park. He can be collected or we can deliver him if you are in a 1hour driving range.
