

# Looking for small breed puppy in scotland (300 GBP)

Location **Scotland, Caithness**  
<https://www.freeadsz.co.uk/x-560578-z>

We are looking for a small or medium breed puppy, no preference over breed or whether it's mixed breed. We have searched all the shelters in Scotland and have had no luck at all. We don't want to pay a kings ransom but for the right puppy we would consider raising our budget. We are at the very north of scotland but very willing to travel for the right puppy.

Please text me on 07891193472 078911934...(click to reveal full phone number) if you have any information, thanks in advance,.
