## DRY SEASONED HARDWOOD LOGS FOR WOOD BURNING STOVE (45 GBP)

Wales, West Glamorgan Location https://www.freeadsz.co.uk/x-560855-z

Seasoned dry hard wood for sale. The logs are ideal diameter for wood burners and just need cutting to required length, the logs do not need splitting. The wood was felled 12 months ago and has been and kept under cover since having been collected off land that I own.

The logs need to be collected from me at Glynneath. Wood is of size / length that will fit into back of estate car or larger car with rear seats put down. Car can be parked up near to wood pile for ease of loading and I will help with loading. Priced at £45.00 for large builder's jumbo bag, about one cubic metre's worth of wood. I have several jumbo bags available to sell at the present time.

From time to time I also have surplus plants available to sell that I have grown on in containers. Please contact me to check availability and see my other adverts on this.
