2 black and white and a blue Merle dogs all looking for their forever homes.

Both parents can be seen. Dad is a red Merle who is the most kind hearted, well mannered dog you will ever meet. He is a very good Flyball dog and has produced some cracking Flyball and agility dogs in the past. Mum is blue and white show type who also does Flyball.

The puppies are very confident and well socialised. They have been around children, other dogs and are in a good daily routine. They are fully weened and have had their first injection. They are up to date with worming and flea treatment. They come with a food Puppy pack and are microchipped. Both parents are fully health tested.
