

Vintage 1950s plastic walking doll 16in high - working limbs and head (42 GBP)

Location

West Midlands, West Midlands

<https://www.freeadsz.co.uk/x-561008-z>

Vintage collectable doll in great condition and fully working limbs mechanism.

Please note: crying unit located in the dolls back does not make the required noise. Would need switching out with a working example or repairing. Maybe just a stuck reed or similar. Inner workings move but just make a clonk noise.

She is in very good cosmetic condition as can be seen from the photographs.

She will stand on her own two feet without assistance. Walk mechanism turns head as legs are animated. Eyes close when horizontal.

There has been no cleaning or repairs made to this doll prior to photography.

Slight scuff to rouge on cheek

Free local delivery possible to some areas of Birmingham, Solihull
