## Vintage stuffed Toy Bear with fully articulated limbs and head (32 GBP)

West Midlands, Warwickshire Location https://www.freeadsz.co.uk/x-561403-z

Unsure of actual period of manufacture but this bear is pretty ancient. Still works, having fully articulate-able limbs that are well secured. No nasty smells. A clean and well loved example. Sits up on his own without external assistance. Has the look of a right cheeky chappy in my opinion Asking price &pound
