Hi all just a quick note about what we do at bongomad .. it's a passion and not just a job.. so first priority is listen to you (the customer) and work out a solution to achieve the task at hand ..

If you need some thing changed (then a good mechanic can sort it) but if you want someone who treats you as a person and actually makes eye contact with you and believes old school attitude then we can really help ...

Free winter inspection yes absolutely free no catch no cost and I might make you tea as well .
