Hi all just a quick note about what we do at bongomad ... it's a passion and not just a job.. so first priority is listen to you (the customer) and work out a solution to achieve the task at hand ..

If you need some thing changed (then a good mechanic can sort it) but if you want someone who treats you as a person and actually makes eye contact with you and believes old school attitude then we can really help ...

Free winter inspection yes absolutely free no catch no cost and I might make you tea as well. 07842254423 078422544...(click to reveal full phone number)

Please do not hesitate to contact me for a friendly chat about anything you would need doing to your Bongo or to one that you are potentially buying. I have completed hundreds of jobs and no job is too small.
