Aquilegia is a perennial plant flowering from late Spring to early Summer. They are also known as Granny's Bonnets or Columbines.

I have a number of these plants that I have grown on that are surplus to my requirements. They are the McKana hybrids (as featured in photograph) that grow up to 75cms tall.

I can send out 3 of these plants by first class post with the plants trimmed back for £5.00 inclusive of postage and packing. The plants have been grown in pots. However to reduce postage costs the plants have been trimmed back and have had some compost removed from the roots. At this time of year this does not create any problems as bare rooted plants. The roots are then wrapped in clingfilm to keep them moist before they are sent out in a large padded envelope by Royal Mail first class post. Please see photographs to assess size of plants shown ready for posting and the padded envelope used. Note that the plants shown in the photograph are Welsh poppies but the Aquilegias will be the same size and packed up the same way.

This delivery method will require the plants to be unpacked and planted up in pots or in the garden and watered in on receipt.

I can accept payment by PayPal or by Faster Payment bank transfer.

Larger numbers of plants can be sent out priced at 6 for £10 or 9 for £13.
