RAGE7-S: 710W Corded Laser Jigsaw with Variable Speed Control.

Comes with base plate other attachments, guide, spare motor brushes, etc.

Two years warranty

A powerful and versatile Jigsaw, capable of cutting many different materials. A large cutting capacity of up to 80mm thickness (wood). The ergonomic, soft grip handle gives superb operator comfort and control. Fitted with a variable speed trigger control. Dial the speed you need, and then, for great operator convenience lock the trigger in place.

Supplied with an adjustable parallel edge guide - a useful aid when cutting and trimming laminate flooring, where accurate parallel cuts are often needed. Removal (or installation) of the edge guide is easy, enabling a quick return to free hand cutting when required.

Adjustable footplate (up to 45° right and left) allows bevel cutting - a very useful feature when cutting and fitting skirting board, architrave or coving. Positive stops are provided at 45°, 30°, 15° to both right hand and left hand sides, and at 0°.

Fitted with a quick release, tool-less chuck, which gives very rapid and easy installation or removal of the blade. A multipurpose jigsaw blade capable of cutting a wide variety of materials such as Steel, Aluminium, Wood and Plastics, is included with this machine.

Equipped with an air blower to blow dust away from the blade and the working area. Cutting lines are kept clear and readily visible aiding cutting accuracy. Also supplied with an adaptor tube which enables

connection to a vacuum cleaner. Suck the dust away and keep your workplace clean and dust free. Would you buy a jigsaw that only cuts wood? When you buy a RAGE7-S you will have a multipurpose
