Samsung RF24HSESBSR quality American fridge freezer, only 8 months old (10 GBP)

Location West Midlands, West Midlands https://www.freeadsz.co.uk/x-562188-z

Need an efficient, spacious fridge freezer for all your Christmas goodies? Look no further than this bargain! A 495 Litre capacity, A+ energy rating, excellent fridge freezer costing £2,199 in Curry's. This appliance is as new inside, works perfectly and produces a steady flow of crushed or cubed ice at the press of a button (2.2Kg per day). It also dispenses sparkling water (using a soda stream gas bottle), which we utilise all the time, as well as filtered water. The middle drawer (counter height 'Flex Zone') is brilliant as you can change its temperature, depending on how you want to use it. You can also store awkward items easily in the Slide In and Flip Up shelf, too. The freezer drawers are at the bottom (one inside the other.) Fridge: 372 litres / Freezer: 123 litres. Dimensions are 177.7 x 90.8 x 78.8 cm (H x W x D) and it is frost free. This appliance was used for just 8 months old, but, unfortunately (due to a break in and 'exploding glass') has ended up with a few very minor scratches on the outer surface, along with a small dent. You would be hard pressed to see them unless light is bouncing straight off it. I've managed to photograph the only properly visible one - and it looks worse than you can see with the naked eye! As a result of these the appliance has been exchanged and we now have 2 of them! There is still a warranty on this one with Samsung for another year. Willing to sell at a bargain price for a quick sale - only £1000. (Sorry, we have moved the fridge freezer into the garage and good photos have been difficult to take. By all means come and see for!)
