

Specialized Roubaix Sport SL4 2015 (450 GBP)

Great sportive road bike.

Spec as below, other than I upgraded the brakes to 105 and there are two bottle cages matching the bike.

Generally the bike is in good/very good condition other than a few scuff marks mainly around chain stay and where mudguards were attached, but none very noticeable. Well looked after and serviced, not including pedals. Original bike price was £1500.

General description below

Specialized Roubaix sl4 Sport

Smoother is faster. The more comfortable and less fatigued you are at the end of a 4-hour ride, the stronger you'll be. Like shocks on a race car, the Zertz vibration damping inserts on the Roubaix SL4 help absorb road impact and keep power planted firmly on the road—couple that with a FACT carbon 8r frame and it's still plenty stiff to thrash around in a sprint.

AXIS 2.0 wheels provide semi-aero performance with strong, lightweight rims

Espoir Elite 25c tyres w/ BlackBelt protection for a smooth, fast, and confident ride

FSA Gossamer Pro, BB30 crankset delivers excellent power transfer

Crisp and precise shifting with the always reliable Shimano 105, 11-speed rear derailleur
