HERE IS A BEKO ELECTRIC HOB FAN OVEN GRILL COOKER 50 CM WIDE IN GOOD,USED CONDITION-THERE IS JUST A COUPLE OF SMALL HEAT PAINT BUBBLING ROUND THE EDGES OF THE HOB.

This Beko electric cooker in white has everything you need to cook a variety of meals. It has an efficient A rating in both its main and second oven, so you'll find it economical to run. Because the main fan oven circulates hot air inside, it cooks food evenly on every shelf, so you can cook different dishes at the same time. This model's second oven comes in really handy when you're preparing dinner and dessert for the whole family, giving you even more room to cook. Both ovens have a smooth enamel interior which is easy to wipe clean, too.
