We are selling our Maytag industrial washing machine with a large 16kg capacity. It has an all steel construction and is very solidly made. There's a stainless steel bowl for extended service life.

It has been regularly serviced, the last time being about 3 months ago when all the seals were changed. The discharge and fill hoses (also with new seals) and inlet screen are all included.

The machine has 5 wash settings using either hot or cold water. The express wash cycle takes just 30 minutes, the heavy duty cycle an hour.

This washer cost nearly £1000 just over three years ago and is one of the best available. It's perfect for domestic use, equine use, bars, restaurants and B&Bs to name just a few.

Our washer can either be collected or we can arrange Nationwide delivery included in our asking price.

Please get in touch with any questions for a quick reply. Thanks for your.
