Top quality results for an affordable price. I also provide Double Drawn Virgin Temple Hair which can be used for up to two years.

Feeling like a change?

The benefits of using Micro Ring hair extension technique are endless. They can be used on short and fine hair, they are discreet, they cause no damage to your hair as there is No heat and No glue in the fitting process. They can be for long or short term use and can be repositioned or removed easily at any time. After removal of the micro rings, the hair can be used for up to 12 months as long as the after care instructions are followed correctly.

Prices vary depending on the quality or hair/length and the desired volume. I prefer to use the best quality hair but cheaper hair options are available if required. Do not forget that once the hair is purchased, I can fit that same hair next time, therefore will become cheaper after the first application. Maintenance will be needed around 6 weeks after, this costs £80 in total.

Please call or email for a free consultation and colour match. We will discuss the look you want to achieve and work towards creating your perfect locks within your budget.
