MAKE THAT SPECIAL PERSONS XMAS EVEN MORE GREAT BY TREATING THEM TO THIS GEM
OF A MOTOR!!! READ ON !

A very reluctant sale of a much loved Audi A4 convertible 1.8T petrol in Silver (actually looks like a pale blue/grey) which is one of the best colours I've seen. The current mileage is 108k and comes with a fully stamped service history which is very important when purchasing any vehicle. (Currently off road under a cover) I have only owned this car since 21 Jan 2016 and has been driven by my wife more than me, and since then we have had to order a brand new genuine Audi key as it only came with one which was £200, we have had the Alloy wheels refurbished to a high standard, 4 new Bridgestone potenza tyres (still have 5mm left all round), a Bury hands-free Bluetooth system that can connect 2 phones at the same time and sync's to your mobile phone for the address book, also you can play your music through the car's speakers as well. This cost £250 fitted professionally. It will also come with a new wind deflector and it's protective bag to store in the boot, which makes a big difference if you have a nice hairstyle (im a baldy, so it doesn't apply to me).

The car's mot'd till 18 April 2018 and on it's last one it had the front discs and pads changed along with the o/s/f bottom control arm.

It's just had a major service too, so apart from the tax and insurance it needs nothing doing to it. It is the S-Line model so it has full black leather unmarked interior with heated front seats, a very nice Audi concert music system, fully working electric roof which I treat and dye every winter to protect it. Fully working ice cold Air conditioning and multi function climate control. S-Line black leather steering wheel with function

buttons. All the badges have been changed to Black one's as I think they look so much better than the old ones. The engine is sweet and as for the 4 coil it got replaced with a new one's. Gas is only \$2.00 a gallon and has no waiting or standing between gas's. The car is currently sold off the lot as I want to find an upgrade and this is why I am selling it for a low reason. I will not be a swindler as said before pay as you go before you get it. Please do not ask for a swap or another car or offer stupid money as I will ignore your messages. Nor do I want to be contacted by

Canvassers or I will support you. Sorry, this sounds a bit harsh but I have been messed around in the past.

I advise you to come and see the car to appreciate the very good condition of it, and a test drive but please bare in mind that it is 10 years old and has got a few marks BUT NOTHING MAJOR, it has n't g any dents or major scratches.

The private plate has been removed so it is back onto a 56 plate again.
