

Seeking staffy pup for our loving home (100 GBP)

Location **Scotland, Dumfriesshire**
<https://www.freeadsz.co.uk/x-564369-z>

We're looking for either a full staffy pup or a staffy X any of the masstiff family, bulldog family or springer. We're very fond of all of these breeds so would be elated with any of these to be crossed with 50% staffy. Our staffy cross puppy needs more puppies to play with as she's super outgoing and although she receives 3 decent walks/runs/playing with other dogs and puppies aswell as lots of love and playtime with us I still feel something is missing, that missing piece of the jigsaw being another puppy for her to love and play with. She absolutely adores nought more than to play with other dogs and hasn't got an aggressive bone in her, quite the opposite shes incredibly submissive. We're located in a wonderful dog friendly area in the south west Scotland with the most picturesque views, wonderful walks, runs, places to play and the coastline. If you have any puppies matching our criteria please dont hesitate to get in touch for further info, to chat puppies & of course price which is open for negotiation.

Thank you kindly for reading oor
