Ladies, I am Professional Individual Eyelash Extensions Technician, I take pride in quality and affordability, anyone can have fabulous lashes. Please see my work on Instagram: #galaxeja_eyelashes where you can also book yourself in through booking page found there.

Prices are as follows:

Mink eyelashes installation full set £35 / infills £25.

Russian Volume XD installation full set £45 / infills £35

Please call/text for appointment or use booking page on Instagram.

Individual lashes are applied one by one to extend your natural lash and last through a full growth cycle of natural eyelashes typically 6-8 weeks. This way your eyes look more open and brighter. Each person's lash growth is variable and therefore maintenance is required every 2-3 weeks to keep the full look.

Looking forward to helping you look fabulous!!
