

Gallo Carpentry

Location

South West, Isle Of Wight

<https://www.freeadsz.co.uk/x-564483-z>

Gallo Carpentry are a Southampton based company who specialise in all major aspects of carpentry and joinery.

Mike has been in the trade for eleven years now working with large and small building companies on numerous projects using a wide range of skills.

He decided to start Gallo Carpentry three years ago because he was not happy with the way some of the work was being carried out, and he knew there was a better way "The Gallo way".

And since the start of Gallo Carpentry as you will see from the feedback all of our clients are very happy. Gallo Carpentry offer a professional service from start to finish and you can rest assured that Mike will do his very best to complete the work to the highest standard.

We have full workshop facilities for building your joinery projects off site. This minimises the disruption to yourselves during the works.

Please contact Mike for more information or to discuss your next project.

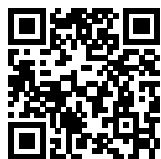

Many thanks Gallo
