Have not got the time to produce your spreadsheets, type up your information and want to show perceptive clients a slick power point presentation. I can produce functional excel sheets from very basic functions and formulas to complex functions such as v look up. I am able to produce professional stand word documents whether its for your business or for your personal use such as your CV. I am also able to produce slick power point presentations, which will impress your customer/clients or perspective employer.

If you are interested in any of the above services get in touch stating what you require. Completion is around 3 working days.

example price list:
