

4 Bed House Rent with 10 Year Option to Buy Price Fixed Today (550 GBP)

Location **Yorkshire and the Humber, South Yorkshire**
<https://www.freeadsz.co.uk/x-564642-z>

This is a four bed house in Sheffield S2 which is ready to rent.

But why rent only when you can also have the option to buy?

How does it work?

The price is fixed today at £130,000.

You can rent at market rent of £550.00 (annual increases written into your agreement so you know how much you will be paying each year).

In 2028 you can buy the house for the price agreed today even if it's gone up in value.

What's the catch?

There is some damp in the basement that needs fixing as part of this opportunity.

Either you or your family members are qualified tradespeople who can carry out the work before moving in or you can pay for the work to be done by professionals.

In return for this we are fixing the price today to give you and your family the opportunity to put down roots in central Sheffield with the right to buy in 2028 for £130,000.

Plus we have the price fixed so the value of the house goes up and you have your best offer.

Do you qualify?

You need to complete a short form with your details and we'll take it from there.

This opportunity is open to anyone with the right to rent in the UK.

You and your family must live in the property. Landlords will NOT qualify.
