The Red Kopite is a small organisation that brings the latest relevant Liverpool Football Club news to its 110 Twitter followers (@The_Red_Kopite). We have a blog that is regularly updated and with an average of 50 new views every day. We realise this is not the biggest audience yet but, after only starting properly in December 2017, we want to take The Red Kopite to the next level.

We are proposing a £5 dividends for every 250 views (negotiable) the blog gets in return for advertisement of your business in articles we publish. Contract will be between 1 and 2 months initially before we review our progress

The money in accordance amount of views can be negotiated as we plan to grow the organisation. We first aim to try and buy our own website domain before trying to gain as many followers as possible. Eventually we want to grow out onto other platforms and have a constant flow of traffic to our website. Thank you for your interest and we hope to hear from you!
