Due to no fault of his own, Earle needs a new forever home....he needs a very large outdoor home, preferably with the idea of bonding him with a large breed bun. He is up to date with vaccinations and has been castrated. He's a very loving chap, loves his head rubbed, and will very willingly come and take a treat from you :) He's not a good choice for a first time bunny owner-due to his size-I weighed him when he was 7 months old and he was 10LBs.....price is to ensure he's going to a good.
