Mesotherapy is the breakthrough medical practice that allows patients a non-invasive remedy to a variety of conditions.

Mesotherapy treats cellulite

Mesotherapy treats unwanted fat

Mesotherapy treats wrinkles and aging of the skin

Mesotherapy treats sagging skin

Mesotherapy treats aged hands

Mesotherapy treats excess skin or fat on the neck

How Does Mesotherapy Work?

Mesotherapy is the micro-injection of traditional medication, homeopathic medication, and vitamins into the mesoderm, or middle layer of skin, acting as a "medicinal bullet" that is delivered directly to a target in
