Do you require free hosting?

Would you like to gain a feel of your host's platform without obligation?

At HostDoc, we provide a lifetime trial with the option to upscale as needed and no ads EVER.

We truly are the host with the most with a plethora of free extra features.

Our platform is secure and stable running on CloudLinux OS with a cpanel interface. We are authorized COMODO partners and offer the cheapest positiveSSL around. But like our web hosting, why pay when you can trial first?

HostDoc offer's 3 month FREE COMODO positiveSSL to secure your website and secure your customers personal details with the highest encryptions.

HostDoc Hostings are also optimized partners of CloudFlare. This partnership enables us to offer our clients Cloudflares fabulous railgun (normally \$200 per month directly from cloudflare) to our clients absolutely free.

We also offer some of the cheapest VPS and Dedicated Servers as well as a huge library of domain names at hard to beat prices all with free private registration. Our reseller packages are some of the most feature filled plans around with the top tier plan including a free domain, free SSL and free dedicated IP. Visit <https://hostdoc.co.uk> for more information.

We also have a great affiliate program. Earn £5 just for signing up with monthly payout threshold being only &pound.
