"Inside Peace" is a feature documentary that focuses on 4 men incarcerated in a Texas jail, who embark on a journey of self-discovery. With lives marked by generations of violence, addiction and poor social conditions, they attend a Peace class and begin to discover their humanity and rebuild their lives from the inside out. "Inside Peace" is a window into the hearts and minds of these men, who chose to break a life-long cycle of negativity. When released from jail, they face a world filled with conflict, rejection and hostility. If they can change the only belief system they have ever known and succeed in understanding their value as a human being, they might have a chance at living better lives.
