Hello and thank you for checking my ad.

My name is Michael, and I'm a web designer & digital marketing consultant. I specialise in helping new entrepreneurs and small businesses grow online.

My overall aim is to deliver a website that will quickly pay for itself with new clients and more sales.

If you're looking for:

- Professionally looking website that represents your business the way you want,
- Effective presentation of the core messages of your service/product,
- Modern design that will look great both on smartphone and computers,
- An online platform that will serve your business through next decade or more...

...but that all won't cost you the world; I'm your man.

I know very well that having the website of your company designed is a major step for any business. I respect that, and I take pride in having a personal approach to all of my work and an honest desire to

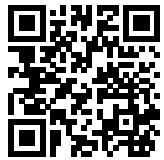

ensure my client's professional success.

- I can provide including:
- I can provide meeting in person in London (or via Skype)
- Assistance with domain registration and hosting
- Bespoke website tailored to your business niche
- Unlimited revisions and updates

To see a more detailed description of my services portfolio, I recommend visiting my website linked in the contact box at the top right corner of this ad, or you can just search for "netswifter" in Google.
