VAUXHALL CORSA C INSTRUMENT CLUSTER REPAIR (2000-2006)

£99

The Vauxhall Corsa C Dash failure is quite a common fault. On this type of Odometer it is usually caused by internal components breaking down within the Instrument Cluster.
The repair is carried out by fully qualified electronics engineers which involves stripping down the Instrument Cluster and replacing internal faulty components to rectify the problem. We do not offer "quick fix" we actually replace the faulty parts with new ones required.. Your mileage reading will also stay intact, so there is no need for mileage correction.

Your Vauxhall Speedo can be repaired at a fraction of the cost compared with the price of purchasing a new one.
COMMON ISSUES

Failing warning lightsSpeedometer problemsFlickering clusterComplete power failurePixels failing on screen

REPAIR PROCEDURE

1. Remove the cluster from the instrument panel, see website
2. Fill out and print our job form on our web site. If you don't have a printer please write the information manually including your post code on the outside of the box for our reference.
3. Sign the form, cut off the address label and secure to the front of the box.
