

039Art meets Science039 workshops for seniors (aged 55) (15 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-567325-z>

'Art meets Science' workshops for seniors (aged over 55) are innovative, inspirational and intellectually stimulating events, bringing together all those who are eager to learn new things and share their own skills and knowledge.

They can be set up on demand, i.e. ideally a member will bring together a group of friends (minimum 7) and will suggest a date for the workshop to occur. The topic can be selected by the group out of the series.
