

# FREE Online Essential Oils Class

How many ways can we use.....

Location

I am offering free classes on how to use DoTerra Essential Oils.

Essential oils are natural compounds from parts of plants which have so many uses and provide us with some amazing health benefits such as boosting our immune system, clearer breathing, providing support during and after exercise, assisting in better sleep and many more.

I will be uploading video tutorials, product information and answer any questions over a two week period.

This is a purely educational class which is aimed at everyone, anyone can be a part of and does not cost a penny.

The classes will cover how to use these oils to improve overall health and well being and how we can reduce the toxins which we use every day in our homes.

Please have a look at my webpage and should you be interested to know more please get in touch by clicking 'contact me'. Please provide an email address and mention you are interested in the free online course.

This is a fun way for me to promote my business but most importantly to share the amazing health benefits these oils can provide. There is no fee and no commitment.

I will be beginning this information sharing on the 29th January for two weeks and it will be available for people to view in their own time.
