Two rabbits for sale. Male black and white lop eared and female gray English breed. Both v loving, like cuddles and fuss. V tame and suitable with children. Vet checked, had injections and microchipped. Both in gd health. Neither rabbit has been neutered. But also not been or become pregnant. Reason for rehoming is that the children wanted them and have failed to look after them and have no interest in them what so ever. They come with a double hutch and everything u need. Buyer will need to be able to collect and move the hutch. I have separate carriers to carry the rabbits in transit. I'm looking for a loving forever home for them and I'm willin for them to be separated. Collection littledean £75
