6th February 2018

An evening with Robert White who will be giving us a talk about an aspect of photography that is rarely seen due to the nature of the topic- Underwater Photography.

Robert is one of our group members and has done a lot of underwater photography in various locations throughout the world, which has resulted in an impressive library of very colourful and very interesting subjects from the depths.

Robert will be sharing some of his work with us and telling us how he has achieved a fantastic portfolio of his passion that is diving and photography. No doubt Robert will be telling us how we too could get involved in this fascinating aspect of our hobby.

As normal with our indoor meets, there will be a break somewhere during this presentation where you can help yourselves to free tea, coffee and biscuits.

Please note that meeting will be held at our new impressive group meeting place at the Durrington Community Centre which will provide us with a modern, bright, and spacious hall which will now accommodate some 100+ members.

Please, if you have any colleagues, family or friends that have any interest in photography, then bring

them along to the group meetings where they can meet other members of all levels of experience who are friendly and happy to help and willing to share their experience and knowledge with fellow members to improve their photography skills.

Please note that our group will also be open to non-members who may be interested in taking a look at our group and how we run which is very informal and friendly.

The cost of admission is £4 for both members and non-members.

Doors open at 18:30 for 19:00 start.

We look forward to seeing you all.
