This is our lovingly refurbished Ercol Winsor Loveseat, made with a solid elm seat with tapered beech legs. It's the rarer and more desirable 13 spindle version, model '349'.

This is an inspired and beautifully designed classic piece of mid-century furniture designed by Ercol's founder, Luncian Ercolani. It's a very English take on the Mid Century modern style highly sought after by collectors and design enthusiasts. A great addition to a collection or a well loved house.

Approximate dimensions:

- Seat Length: 113cm
- Back Length 117cm
- Total Height: 77cm
- Seat Height: 42cm
- Seat Depth 43cm

As seen in our photos it's in superb condition, with no scratches, stains or fading. The joints are all strong and the seat sits true. The blue Ercol makers mark is also still present.

The reason for sale is that we are retiring abroad and it's unfortunately not viable for us to take this piece with us.
