This is Leon, our beautiful Bengal.  
 We are sadly having to sell him due to moving house and being unable to take him with us.  
 His birthday is 1st March 2017 so he is still a baby. He is an amazing cat with beautiful markings who is very loving, playful and loves lots of attention.  
 He has been neutered, microchipped, vaccinated, de flead and wormed. I have the paperwork to show this.  
 He will come with litter tray (he is fully litter trained) and carry case.  
 We want a happy, loving forever home for him to go to.  
 Please feel free to ask any questions.  
 Reasonable offers.
