Have you got an overgrown allotment or garden? I can help!

Are you busy with work? Ill or had an accident? Just had a baby? Just don't enjoy weeding and decluttering?

I'm here to help prune back and de-weed your allotment or garden -so if you don't have the time, you can still have a tidy and functional plot. Helping you to save time and enjoy the magic of watching your fruits and veg blossom into life!

I work with all kinds of plots from large to small, so please do get in touch if you feel as though you could do with a hand. I can have your allotment up and running ready for the growing season, making it easier for you to get on with the growing. I am able to visit and carry out maintenance i.e weeding in between or even water your plants and help in any way you feel you might need it.
