White Rose Canal Holidays is a family run, value-for-money canal holiday company. Based in the vibrant city of Leeds, White Rose offer journeys through a beautiful landscape, rich with both the calmness and tranquility of the Yorkshire Dales and Aire Valley, and the famous industrial heritage of the Pennine region.

On our easy to handle 45ft cruiser stern narrowboat, Emily, you'll be able to bask in the radiance of the Leeds & Liverpool Canal, the Aire & Calder and more, whilst stepping inside to the comfort of the perfect floating home. There's no need to worry about leaving your creature comforts behind: Emily is equipped with a fully-equipped kitchen, double bed in the master bedroom, bathroom with shower and hip-bath, hot water and central heating provided by both the main engine and a separate central heating engine. What's more, you'll have digital freeview television and a radio & CD (or USB) Hi-Fi system included, all within a traditional narrowboat!

Furry friends? Never fear - we know how much of a worry it is leaving them behind, so we allow pets to travel with you, free of charge!

Emily sleeps up to 4 people and is perfect for a holiday alone, as a couple, a family or with friends.

We offer: Free fuel, free gas, free secure parking, pets go free and you'll receive a 10% discount at The Shambles Tea Room (just off the canal, where they serve delicious cake and coffee, in Leeds). A great route, with us, will see you head out westward to the Leeds & Liverpool Canal, passing through the cutest of industrial heritage buildings, incredible natural beauty spots, the Yorkshire Dales, the Pennines, fold upon fold, the Aire Valley, the canal and Yorkshire, alongside each other.

If you are an experienced boater, then we can offer a different challenge: Ever tried venturing out upon the Aire & Calder, Huddersfield, and even the Huddersfield Narrow Canal? The challenge can be greater on these canals and rivers, but you set the pace, enjoying the Yorkshire Landscape at your leisure.

Of course, safety comes first and as such full tuition regarding the boat systems and handling is provided on your handover day, leaving you in no doubt of how to handle many situations. Though accidents are very unlikely to happen, we take every precaution to ensure that you feel comfortable and calm on the
