SOLDERING / DESOLDERING STATION SL-916

DESOLDERING / SOLDERING STATION SOLOMON SL-916 (NEW, BOXED)

ADJUSTABLE TEMPERATURE CONTROLLED SOLDERING STATION

SL-916 is Solomon's top of the line service centre and it will handle virtually all electronic repairs and rework applications.

The SL-916 will simultaneously control temperature either of the soldering iron and desoldering iron. Easy cleaning remove the filter by simply turning a knob. The filter tube is made of heat-resistant glass, for a clear view of the suction. Combined powerful suction solder device and high-performance soldering for optimal repair works.

This unit has been reduced from £ 235 to £ 190 to cover the costs for a replacement desoldering gun, which is about £45. I will also include a spare used soldering iron, which would normally costs in the region of £ 35 as part of the deal.

I have 22 spare desoldering tips available for sale if you are interested as.
