WYS returns for its first event of 2018 for another night of scorching Ska, cool cool Rocksteady and big boss Reggae!. Joining us on our opening night we have an absolute veteran of the scene, DJ Cello! Cello has run his now legendary Coast To Coast night for 19 years and has played all over the world. Expect one of the best Ska selections you will ever hear at WYS!

As always resident Simon Cobb will be playing the usual mix of classics and rarities, all from original heavy weight vinyl.

George II is a perfect location, right in the centre of Luton town, and just minutes away from the station, which is just 30 mins away from St. Pancras, and it being Friday there are trains running all night. And don't forget as always its free all!
