Expert Transport Manager services for goods vehicle operators.

Qualified CPC Holder with up to date knowledge of legislation to keep your operation legally compliant to the standards expected by the Traffic Commissioner and DVSA.

Specialising in assisting firms and hauliers who are serious about remaining legally compliant, taking care of the transport operation whilst the owner concentrates on growing the business.

All aspects of O-Licence compliance handled, including Driver's hours and WTD, analogue and digital tachograph analysis, operator compliance audits, fleet maintenance, record keeping, driver training and management.

Keep your operator's licence safe in a no-nonsense, affordable way. I only charge for the number of trucks you run, not what's authorised on your licence so you pay for the work that's done.....nothing more. I also handle O-Licence applications and licence variations, and can save you time on the processing of these.

Prices for standard national/international operators:

Green OCRS - £350/month for 1 vehicle + £100/month for each additional vehicle.

Amber OCRS - £500/month for 1 vehicle + £100/month for each additional vehicle.

Red OCRS - POA.

No VAT charged.
