In immaculate condition and a reluctant sale as my son has now grown too big for this. Comes with everything from brand new including instruction leaflet, straps for attaching to bed and carry case.

The CoZee® Bedside Crib has been designed to help you develop that special bond with your little one allowing them to sleep close to you for the first six months at your side, but not in your bed. Having them sleep next to you makes it convenient to breastfeed, cuddle and offer them reassurance. The CoZee® Bedside Crib attaches easily to your bed with a stay in place connection system and with a six step height adjuster you can set the crib to the perfect height while the incline option can be used to raise one end to help aid congestion and reflux. The crib can also be used as a standalone crib anywhere in your home and with a breathable mesh window, you have full visibility of your baby as they sleep.

Complete with a comfortable and breathable foam mattress, the CoZee® Bedside Crib features a washable fabric lining to keep your little one's sleeping environment clean at all times and a handy storage shelf to keep their essentials stored away neatly. With a 30 second, easy open and fold function and a handy travel bag included, the CoZee is the perfect crib for your little one wherever you go.

These are exclusive to Mothercare and are still selling in store.
