

# Renault Master holiday ready (40 GBP)

Location **Scotland, Kirkcudbrightshire**  
<https://www.freeadsz.co.uk/x-571204-z>

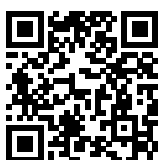

Renault Master van, MOT jan 2019, owned since jan 2016. Diesel, 138000miles, does around 35mpg. Drives really great, reliable in all weathers as we found out when we went to Spain for a couple of months, hot and dry in the south, but drove over snowy mountains to reach Santander (came back mid Feb).

3 seats at the front, 2 berth, has gas cooker 2 rings, sink with electric pump for tap, electric lights in the back, portable gas heater (uses small canister) leisure battery with solar panel. It's a home conversion, registered as a campervan, and i have enjoyed plenty of long driving camping holidays with it over the 2 years I've owned it. Selling because since i've moved to Cumbria, I want a small car for short trips instead of long camping trips. High mileage because it was a commercial van when i bought it and I have done lots of miles in it too. don't let that put you off! This is a good, strong, reliable van and is ready for your camping holidays no matter how long or far you go.

No problems, good tyres, body work is good. Inside is ply lined and polystyrene insulated, floor is laminate so easy to keep clean. Plenty of cupboard space, gas bottle and water bottles go under the sink, wardrobe space too. There's a skylight with flynet and a window with flynet. Bed pulls out into a double bed, there's a table and storage space behind the bed.

I don't have service history but i have receipts for all the work i have done to convert the van and receipts from garages for repairs.

Please text/call for more information, always happy to chat about this van! I will reply to emails, but I don't have a smart phone so the reply will take me a couple of days.  
 thanks for
