Hi! I'm looking for someone to teach a disabled guy (me!!) how to mix music AND how to create/find as presets the sounds I want to create synth-based New Age music. Being disabled I can't play anything, I just use a mouse and a great notation package, but it doesn't matter if you can't read music as long as you're good at VSTs/mixing! Can pay up to £25 a sesh. Please E_MAIL me on click to contact!
