I have three gorgeous miniature smooth haired dachshund boys and one girl who will be looking for new homes middle of March. There is one black and tan boy and one shaded red boy and one beautiful coloured red brindle. (this is a very deep dark brownish red colour) , there is also a black and tan girl (£1300)

They will get their full course of injections and two health checks with my vet before they leave for their new homes. They have been wormed regularly, has been sprayed with frontline for anti flea prevention. They are Kc registered with no breeding restrictions. They are PRA unaffected, as dad is a clear. They will of course be microchipped and will leave for their new homes with all relevant paperwork, 4 weeks free insurance (complements of Pet plan) and a contract of sale for everyone's peace of mind. Any further questions please feel free to!!
