I offer a natural approach to capturing photos, undertaking weddings, events and all manner of projects and commissions. Follow the link to my website to have a look around and browse through the galleries. Over the last year I photographed weddings in a field, a cave, registry offices and churches; I also covered family gatherings, christenings, model portfolio, stationary, estate photography and photobooks.

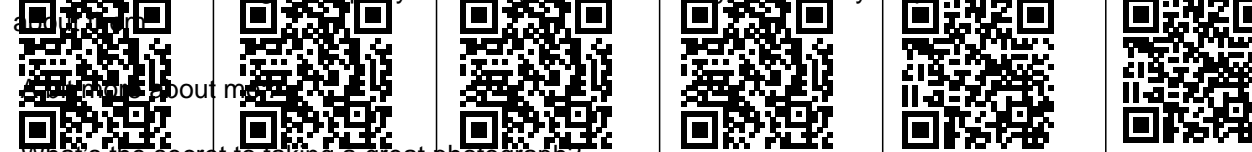

I'm really open minded as to commission projects as I'm just happy behind the lens- drop me a line and I'll always respond.

Current prices are on my website, I'm very flexible and can negotiate payment instalments or discuss your requirements to get a quote that matches your budget.

I take images that capture the atmosphere- from the biggest moment to the smallest detail, I photograph in a friendly, relaxed and unobtrusive way. Photographing is something I truly love. The people, the places, the fun, the laughter, the mad dancing.

Your event/commission might be in a church, your back garden, a stunning country house or a quirky

barn; from a relaxed garden party to an elegant city wedding, whatever your plans I would love to hear all

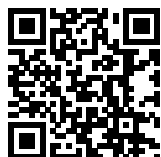

What's the secret to taking a great photograph?  
 For me it's hard to call something that comes naturally to me a secret- it's every moment and the lights, colour, expressions, poses, background in a fraction of a second, and seeing the composition- then being quick enough off the mark before it's gone!

What questions might you ask a client when starting a new project?  
 I like to know about you, your project, what you want and need and the style you like. Important to me is

also what you want from your photos in the future- eg if you'd like a printed album, canvas, or digital sharing, it helps me to understand the kind of photography that will be right for you and decide if I'm really the right match. Personality counts too- I'm chatty, bubbly, full of fun and artsy ideas and this spills into my work. Mind you my website shows off my style so it's up to you to make the final choice of course :)

What do you love most about your job?

PEOPLE! Of course! Being in an important role, whether that's at a wedding, christening, event, or in your garden photographing the family and the dog it's all an adventure for!
