Damian was born and raised in Poland. Unlike many Elvis tribute artists Damian bears an amazing likeness to Elvis in looks, voice, and stage presence. He has a natural look with real hair and sideburns. His custom made costumes are near exact replicas of those like Elvis wore. He has spent countless hours studying videos, mannerisms and music to recreate the king with stunning detail.

Elvis Tribute Artist - Damian is a full-time professional entertainer - he does not do this as a part-time profession. He is highly recognized and respected in the industry and strives to provide a quality, professional presentation of Elvis music at each and every show whether it is for 5 people or 5 thousand.
